

Phase 3 **Target Solutions and Ideas**

- Targeting a solution.
- Identifying potential solutions which offer the greatest benefit for the causes.
- Listing possible barriers to the solution and actions to correct them.
- Developing criteria for a good solution.
- Revising the health-related concern into a problem statement which includes: the health-related concern, the target population, the cause(s), and the solution or plan of action.

Phase 4 Design **Implementation, the Action Plan**

- Setting goals and objectives.
- Forming work groups for the following categories: community partners, equipment needs, time lines, marketing plan, and staff needs/training.
- Presenting group/committee reports.
- Finalizing content of the categories.
- Restating goals and objectives.
- Forming budget group.

Budget revisions and final approval of *Action Plan*.

Phase 5 Make it **Ongoing**.

- Forming committees for:
Evaluation
Development/Sustainability
Strategies for short and long term funding options.
